

Product information

ADISOLVE

Product description:

ADISOLVE:

- Is a medicinal alcohol degreaser with extremely quick evaporation.
- Contains good shifting properties.
- Possesses good dirt and grease dissolving power.
- Is chemically neutral and water repellent.
- Leaves no residue.

Applications:

Quick removal of oil, grease, silicones, etc.
Trouble-free removal of dirt from plastic and metal surfaces

User instructions:

Amplly spray the parts to be treated and allow the dissolved dirt to drip off.
Brush the ADISOLVE onto the soiled parts in the event of stubborn soiling.

Technical details:

Form	: aerosol/liquid
Colour	: transparent
Odour	: alcoholic
Phase change/boiling point	: approx. 60°C
Density g/ml (20°C)	: 0.722 DIN 51757
Vapour pressure mbar (20°C)	: 210
Viscosity mP (20°C)	: < 10 dynamic
pH (undiluted) (20°C)	: n.m. DIN 19261
pH 1% solution) (20°C)	: 7
Flash point (°C)	: < 0 DIN 51755
Self-combustion (°C)	: 250 DIN 51794
Explosion limits	:
Vol % lower	: 1.1 DIN 51649
Vol % upper	: 7.0 DIN 51649
Water solubility (20°C)	: 20 mg/l

Packaging options:

Art. no. 000000 spray can 500 ml
